

Photography

- Go for a wintery walk and take some photos.
- Visit the seaside and snap some images of the winter sea.
- Look at some winter photography online. What makes it effective?

Art and Music

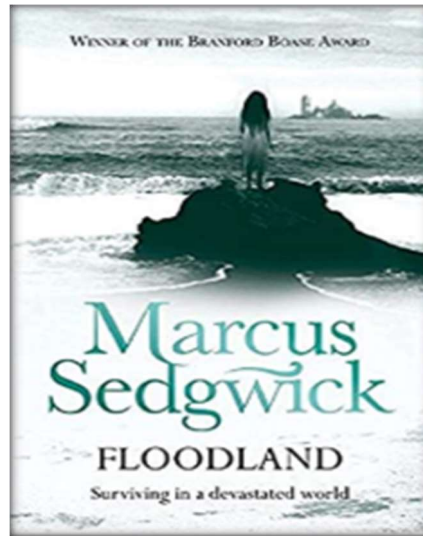

- Create an artwork based on the sea or water. You could use the works of Monet as inspiration. Choose any medium.
- Make up some music or a song about the sea.

- Listen to a song or piece of classical music inspired by the sea.

PSHE

- Think about our work on Mental health and do something that supports your own well-being.
- Find out about autism, dyslexia, dyspraxia or ADHD.
- Read a book that has a neurodivergent character

Year 5/6 Shared learning Spring 1

Please complete a task from the shared learning grid, or something else of your own interest every two weeks.

Reading

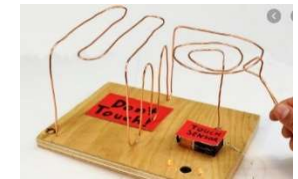

- Read some poems about the sea
- Learn a poem and recite it in class
- Write out your favourite poem and decorate it
- Read a poem by William Blake

Writing

- Write a short story set in the near future. What has changed? What has stayed the same? What new technologies will be present in your story?
- Write an imaginary interview with a world leader about Climate Change

Science

- Make a game that uses electricity
- Find out about the history of electricity
- Write a biography of Thomas Edison or Nikolai Tesla.

Geography

- What is erosion? How has coastal erosion changed the British Isles? What are the dangers of erosion and how can it be prevented? Make a leaflet showing your understanding.
